

FOOD SECURITY SYMPOSIUM: FUTURE ADVANCEMENTS IN AGRICULTURE FOR SUSTAINABILITY (FSS) 2024

FSS2024 (2024 Food Security Symposium: Future Advancements in Agriculture for Sustainability) is a virtual symposium on Plantation, Commodities, and Agricultural Management which is organised by the Faculty of Plantation and Agrotechnology, Universiti Teknologi MARA (FPAUiTM). Join experts, researchers, and industry leaders to discover groundbreaking innovations in regenerative agriculture, smart farming, precision techniques, and organic practices for resilient food systems. Engage in discussions on soil health, water management, climate-resistant crops, and agroecology principles. Together, we bridge tradition and technology, aiming for a balanced approach to food production and environmental care. Your participation is essential as we delve into recent advancements, exchange insights, and collaborate to secure food security and ecological harmony in our future.
