# International Invention and Innovative Competition (INIIC) Series 1/2019

BANDARAYA MELAKA: International Invention and Innovative Competition (INIIC) series 1 in 2019 was held at Hotel Mahkota Malacca on 27th April 2019. The theme of the conference is 'Leading Towards Creativity & Innovation'. Total entries sent in amounting almost hundred innovation projects, which involves participants from countries such as Indonesia, Japan and Malaysia. There are 3 categories have been contested in this competition:

- Category A : Professional
- Category B : Higher Institution Students
- Category C : School Students

Faculty of Plantation and Agrotechnology has participated in 1 category only which is category B. One innovation project in the B1 social sciences and 2 innovation projects in the B2 Science, engineering & Technology. As a result, the representative of Faculty of Plantation And Agrotechnology who received the awards were:

1. Gold award: Pyneaglove Project (B2 Category) and Palm Oil Supply Chain Performance Management System (B1 Category)
2. Silver award: Aquaponic Puzzle project (B2 Category)

The objective of this competition was aimed to cultivate interests and encourage teachers and students to develop innovative learning materials in line with recent technology developments. This event also want to encourage thinking skills as well as encourage potential innovators to start working early.

*Pyneaglove team received the Gold Award on the stage.*

*Aquaponic Puzzle team received the Silver Award on the stage.*
