industry from PKPS, Tuan Haji Tamby Omar, Pengarah, PT Kemajuan Pertanian. According to the Opening Ceremony, Deputy Vice-Chancellor of Student Affairs, Prof. Madya Dr. Azidah, delivered by Serv. Noor Halil Ismail, said today's graduates need to be more involved in various fields, especially in the face of the Industrial Revolution. He believes UiTM graduates will be able to improve their position which already has their own legacies on the international stage to a higher level. He needs to be done through significant improvements in efforts and quality of education of all UiTM, in terms of academic matters, research, innovation, student industry networking, community service, as well as UiTM services as a whole. In addition, according to the words of the Dean of Faculty of Plantation and Agrotechnology, Prof. Madya Asmah Binti Awal, MEET YOUR FUTURE EMPLOYER is a good initiative as students need to take advantage of the excellence of the industry in various aspects. In fact, she sees that the program is a great goal to bridge the relationship between students and industry.
