DATE : 1 APRIL 2019

Global Planters Forum And MoU Signing Ceremony

Global Planters Forum and MoU Signing Ceremony is a programme organized by Sekretariat Mahasiswa Fakulti with the collaboration of Plantation Postgraduate Society to welcome the delegates from India Institute of Plantation Management in order to establish the collaboration between Faculty of Plantation and Agrotechnology and international universities. The program was held at OIA Seminar Hall UiTM Shah Alam with the participations of 70 postgraduates and undergraduates student, lecturers and staffs from Faculty of Plantation and Agrotechnology and 20 delegates from IIPM led by Director of IIPM, Professor V.G Dhanakumar.

The program was officiated by Associate Professor Dr Mahazir I s m a i l Director of Entrepreneurship Training, Research and Education Centre, UiTM.

Objectives :

- To highlight leadership talent among students and students at the Faculty of Plantation and Agrotechnology
- Encourage students to think globally and boldly highlighting the latest issues in agriculture and farming
- To sign a joint venture agreement between Faculty of Plantation and Agrotechnology and India Institute of Plantation Management that will lead to more impactful events.
- Generate more proactive, and creative students that will be derived from sharing knowledge from the program.

MoU Signing Ceremony between FPA UiTM and IIPM

Global Planters Forum between FPA UiTM and IIPM

The main input of the event is to bind the agreement of cooperation between two faculty through MoU Signing and exchange the agriculture knowledge, brainstorming ideas about the current issues in agriculture through the Global Planters Forum held.

Associate Professor Dr Asmah Awal, Dean Faculty of Plantation and Agrotechnology through her welcoming speech said that the MoU Signing between the two university is a beginning of international activity between Faculty of Plantation and Agrotechnology, UiTM and IIPM under mutual relation and more coming impactful and valuable activities such as mobilities, research, internship, joint publication and international grants. In addition, the global planters forum is an international platforms for FPA students together with IIPM students to discuss current and important issues related to plantation industry.

The outcome of this programme is the faculty has added another international University as network partner and students can get alert with current issues of agriculture and farming around the world besides empowering interpersonal and intrapersonal skills among students.
